

NOTICE

The NTA has received complaints that some candidates, on submission of online, full or partial registration for the IIMC-21 Test Application form, have not noted down their **Application Number and PW**, assigned by the system and it has caused them difficulty regarding a further visit to their application form or its completion.

The NTA has therefore forwarded the candidate Application number and PW to all candidates, on their registered email IDs and candidates, can use it, as they wish.

It has also come to our notice that some EWS candidates have paid Rs.1000/- as Application fee, instead of Rs.750/- fee. The extra fee amount paid, shall be remitted to such candidates by the NTA, after bank reconciliations, etc.

Candidates born in or later than the year 2001 can also submit their Application form.

Inconvenience caused if any is regretted,

Consultant, NTA
